The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations

Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Culver City Hydrogen Bus Project in Fiscal Year 2026. The entity to receive funding for this project is Culver City located at 4343 Duquesne Avenue, Culver City, CA 90232.

The \$4,579,200 request will deploy zero-emission buses to enhance air quality, expand clean transit access, and promote environmental equity.

The project is an appropriate use of taxpayer funds because it will aim to advance the City's transition to a fully zero-emission transit fleet in alignment with California Air Resources Board's mandate for all public transit fleets to be zero-emission by 2040.

The project has a Federal nexus because the funding provided is for purposes authorized in chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Sydney Kamlager-Dove
Member of Congress
