The Honorable Rosa
Ranking Member
Committee on Appropriations
1036 Longworth HOB
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Eisner Health Downtown Los Angeles Clinical Campus Modernization Project in the Fiscal Year 2027. The entity to receive funding for this project is the Pediatric and Family Medical Center DBA Eisner Health located at 1530 S. Olive St., Los Angeles, CA 90015.

The \$1,000,000 request will be used to modernize Eisner Health's Downtown Los Angeles clinical campus to improve access to high-quality, integrated healthcare services for low-income residents in a federally designated medically underserved area. Federal funding will support facility upgrades and interior modernization across approximately 60,000 square feet of clinical space, improving the functionality of patient waiting areas, exam rooms, dental and vision care spaces, and other clinical infrastructure.

The project has a Federal nexus because the funding provided is for purposes authorized under 42 U.S.C. 5305(a)(2)

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Sydney Kamlager-Dove
Member of Congress
