The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations

Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

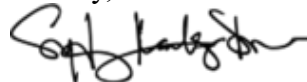

I am requesting funding for Kedren Mobile Care and Outreach Clinic in Fiscal Year 2027. The entity to receive funding for this project is the Kedren Community Care Clinic located at 4211 Avalon Blvd., Los Angeles, CA 90011

The \$471,400 request would help establish a Mobile Care and Outreach Clinic that will deliver essential healthcare services directly to communities within California's 37th Congressional District (CA-37). Many residents in the district face significant barriers to accessing healthcare, including limited transportation, financial hardship, lack of insurance, language barriers, and competing work or family responsibilities. As a result, many individuals delay or go without preventive care and routine medical services, often leading to worsening health conditions and increased reliance on emergency care. Kedren's Mobile Care and Outreach Clinic will address these challenges by bringing healthcare services directly into neighborhoods where they are most needed.

The project has a Federal nexus because the funding provided is for purposes authorized under the Public Health Service Act.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Sydney Kamlager-Dove
Member of Congress
