The Honorable Rosa
Ranking Member
Committee on Appropriations

Dear Chairman Cole and Ranking Member DeLauro:

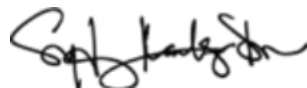

I am requesting funding for the Pueblo Del Rio Air Conditioners Year 2027. The entity to receive funding for this project is the Housing Authority of the City of Los Angeles located at 2600 Wilshire Blvd., Los Angeles, CA 90057.

The \$4,350,000 request will be used for the installation of air conditioners and ceiling fans for all 660 residential units at Pueblo Del Rio to provide relief from the hot weather in Southern California. To help the site cope with higher temperatures and provide relief to the 1,798 residents HACLA is proposing a community project to upgrade the site with 660 air conditioning units and ceiling fans. This initiative is a crucial adaptation to ensure the safety, comfort, and health of every individual in our community.

The project has a Federal nexus because the funding provided is for purposes authorized under 42 U.S.C. 5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Sydney Kamlager-Dove
Member of Congress
